

# Artful Activities For Early Learners

**MoMA**

These activities for children ages four and up can be done with teachers, parents, and caregivers at home or in a classroom.

## Look closely

- What catches your eye in this painting?
- What questions do you have?
- Focus on just one person. What might that person be thinking or feeling?

## Learn

Antonio Berni grew up and lived in Argentina, a country in South America, and often made paintings of the people who lived there. Here he has painted a soccer team. Even though they are wearing different clothes and uniforms, they are all on the same team.

## Draw a group of friends in action

*Suggested materials:* paper and something to draw with

1. Think of an activity you like doing with friends or family members.
2. Draw a picture of that activity. Who and what will you include? What are you doing?
3. Share your drawing with a friend or family member. Tell them what the people are doing and what they're thinking or feeling.
