

Jim Barr 125

Points suggested by Mr. Barr. For Mrs. Sheppard.

Speak from the point of view of membership aims.

Describe the general membership. Allude to supporters in various classifications many higher in subscriptions.

Heretofore the lowest membership has been \$10.

The Trustees are working for a cause.

Realizing the many demands on teachers, but that teachers are really working with us in the same field, the Trustees have broken a precedent: establishing a new class of membership at \$2.00, carefully restricted to teachers at the present time. (Name now considered; Educational Membership.)

The first announcement of this new membership is made at the present meeting. Would like to think of this meeting as the nucleus of the new membership.

Privileges are of two kinds.

1st. The Educational Membership carries exactly the same privileges as the \$10. membership in all details.

2nd. Additional privileges of a special nature will be given to this new group. <sup>the very</sup> *of High School and Teachers,* Something entirely their own. <sup>present</sup> Mr. Barr will describe <sup>r</sup> the plans he has in mind for this group.
